Visual Coaching for Leadership Development Thursday, I September 2016 3:00-4:30pm

10-12 participants (working in pairs on large working walls)

Facilitator: Regina Rowland

This workshop is focused on using visual mapping techniques for leadership development. Participants will work with each other and backcast from a future vision into current reality and then figure out a way to close the gap.

- Create Life Wheel
- Define Future Vision
- Close the Gap

Commercial (Visual) Tools:

Personal Compass and the Career Compass from the Grove: https://grovetools-inc.com/collections/personal-development

Important: You do NOT need to know how to draw, more important is the ability to listen deeply and with compassion to personal stories.
